Gender Equality Plan

The Institute for Informatics and Automation Problems of the National Academy of Sciences of the Republic of Armenia (IIAP NAS RA) is committed to gender equality according to international standards.

According to the Gender Equality Action Plan, IIAP plans to take the following measures and activities to increase awareness of gender equality:

1. Raising awareness of gender equality within the institution

Activities: Information sharing and open discussion on gender equality.

Responsible person: HR department and the administration.

Target: All IIAP employees

2. Increasing citizens' trust in institutions regarding gender equality

Activities: Sharing information on gender equality on the IIAP's website as part of IIAP's activities and promotion of gender equality

Responsible person: HR department and the administration.

Target: All IIAP employees, external partners and stakeholders

3. Increasing the number of women in managerial positions (departments and laboratories) as well as in the administrative and supervisory bodies of IIAP

Activities: Monitoring the processes for equal involvement of all genders in managerial positions

Responsible person: HR department and the administration.

Target: All IIAP employees
